

SKY LOUNGE

CAMPIONPLATT

SKY LOUNGE

FIFTH AVENUE, NEW YORK, NY

Inspired by the lofty cityscape and Central Park view, we connected the interior to the exterior through the floor to ceiling glass curtain wall. The furniture and detailing were simple, modern and restrained, allowing the exterior view and city palate to dominate the aesthetics. Creating an interior greenhouse in a clear glass marble "moat" with metal and glass folding panels helped open up and weave the large rooms together, creating a high-rise loft experience.
